

Perry Beeches Primary

School visit

On 18th March 2014 the students of Perry Beeches Junior School had the opportunity to take part in an amazing fun-filled morning at the Academy. They took part in a session of I.C.T with Ms Johnson, in which they learnt to program using a fantastic piece of software, Light Bot. They also got the chance to take part in some stupendous science experiments with Mr Khan; before making a badge with the help of Ms Wormall and Mr Allen in the resistant materials room in DT. Furthermore, whoever impressed both the teachers and students alike received a Perry Beeches Reward pen. Overall, this was a great chance for the kids to learn and have fun, as well as experiencing lessons at the Academy.
